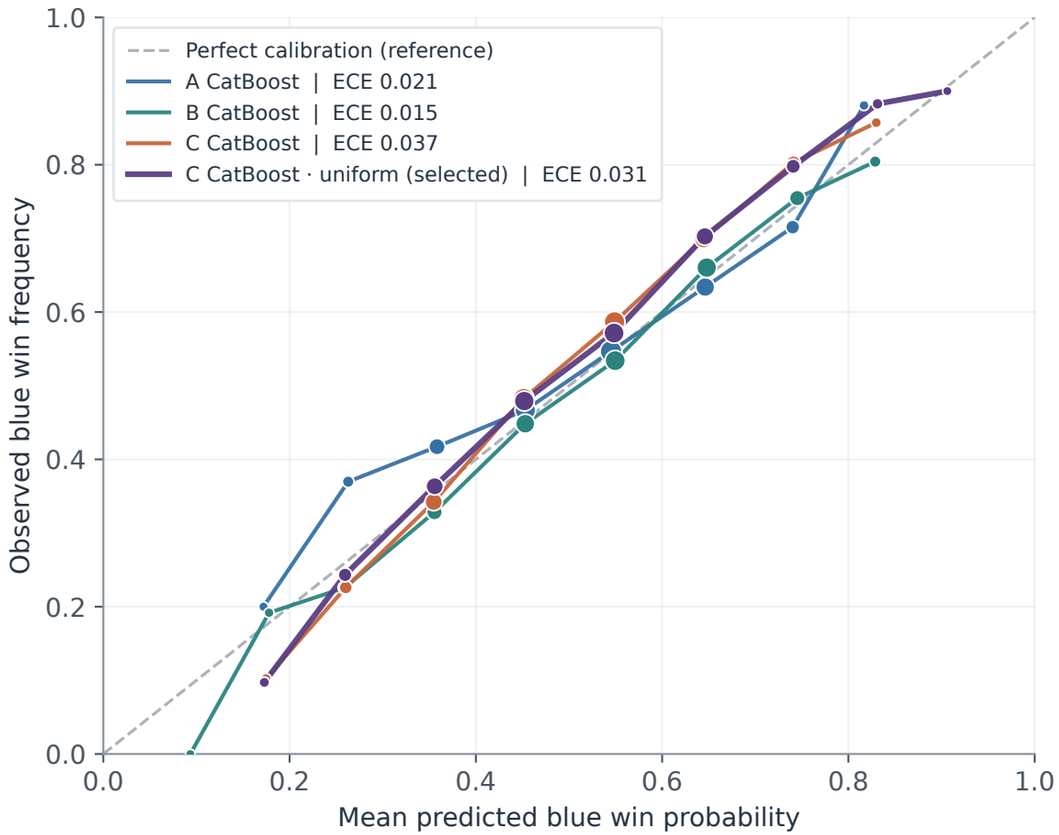
Worlds 2026 BP Predictor | Chronological holdout

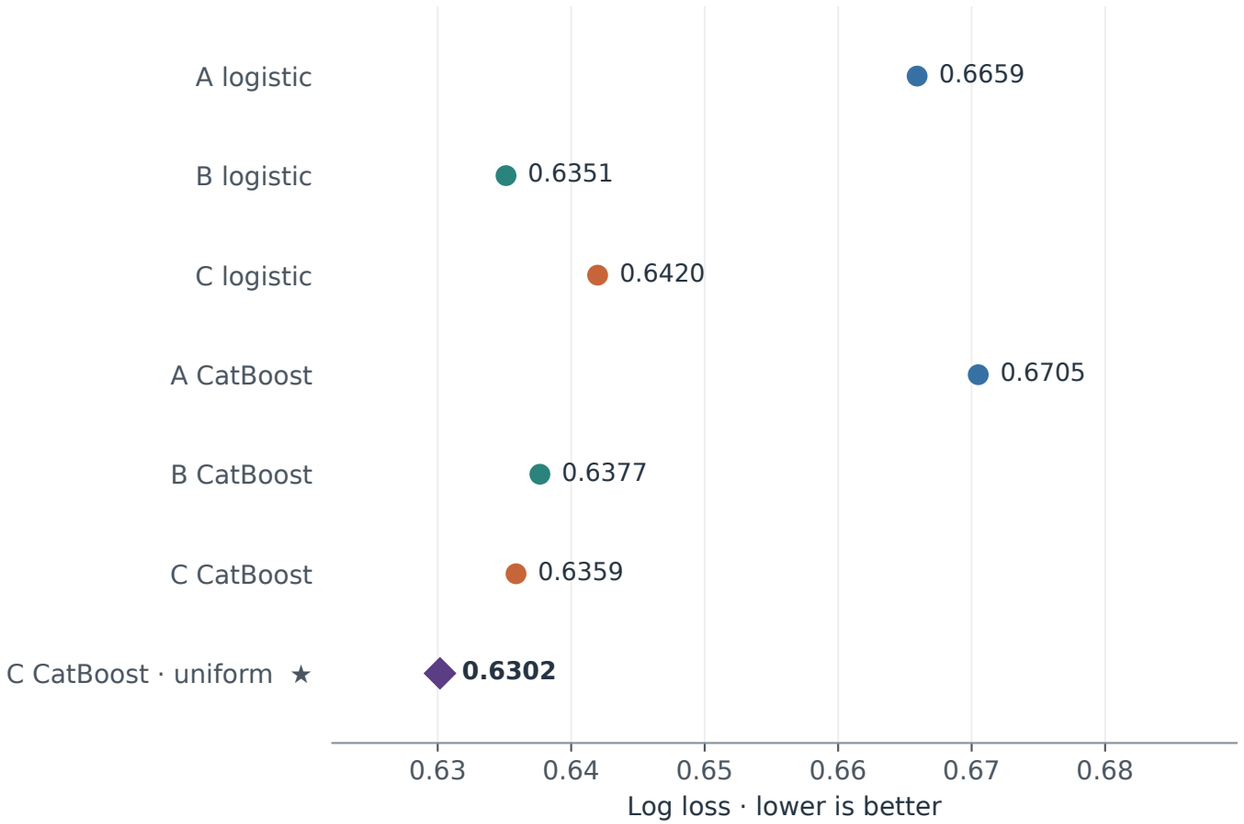
2026-01-01 to 2026-10-18 · 9,309 real professional games · Calibrated probabilities

Frozen estimators; earlier available results update historical features. Model selected on validation, before test.

Reliability by probability bin



Test log loss across all fitted models



Reliability: only nonempty observed bins; marker size reflects bin count. Small tail bins can be noisy.

A: team + side + recent form B: A + player identity/form C: B + BP, proficiency, matchups, synergy and patch

Source: metrics.json | Run: 20261022T093531Z-f5eb82ee9db3 | No synthetic observations; not a Worlds-only accuracy claim.
